Learn more about WITH association

Women Innovating Together in Healthcare is a vibrant network of accomplished women who have talent in industry, medicine, research, charity and finance. Members share a deep knowledge of the life sciences and an admirable track record of success. We come together from complementary backgrounds for lively debate, inspiration, discussion of challenges, and laughter. <http://with-association.com/>

Learn More About Bpifrance

Bpifrance is a financial institution serving the collective interest. Its purpose, is to engage with market segments and support companies facing a capital crunch or lacking support from financial backers. Bpifrance assists businesses of all sizes, primarily micro-enterprises, SMEs and mid-cap. But we also assist large firms that are considered strategic for the national economy, territorial integrity or employment. Learn more about Bpifrance here: <http://www.bpifrance.com>
